

Strategy For International Recognition

Use International Recognition and Accreditation as the Primary Mechanism to Attain International Standing as a University

One primary goal is to improve your graduates ability to be seen as valuable and flexible within the ASEAN Countries

Two Primary Routes for Accreditation beyond your current Indonesian Accreditation

AUN-QA as a Regional Accreditation

ABET as an International Accreditation

AUN-QA as a Regional Accreditation
Law, Medical, etc.

ABET as an International Accreditation
Engineering programs
Computing programs (IT, Computer
Science)
Applied Science programs

This is a long term project!!

AUN-QA and ABET preparation are complimentary processes

We (LEEAP) will focus on only a part of the total preparations needed for these accreditation processes!

The Focus will be on Academic Study
Program quality improvement

What students know and how to
improve that knowledge!

Team Effort, NOT one or two People

Quality Assurance Professionals

Program Leaders and Key Faculty

Stakeholders

We will use ABET Language and
Requirements

More Specific and Well Defined

Also will apply to AUN-QA

Questions??
